Professional **Aquatic Weed Control Services**

Dear Lake Shore Property Owner, 3/31/2021

The intent of this letter is to notify you that the Callahan-Mud Lake Protective Association (CMLPA) has hired Northern Aquatic Services, an herbicide application company, to treat Eurasian watermilfoil (EWM), a non-native, invasive aquatic plant species in Callahan and Mud Lakes. The Wisconsin DNR has issued a permit to treat roughly 4.0 acres of EWM in Callahan Lake; and roughly 11.5 acres of EWM in Mud Lake. The Trade Name herbicide to be used to treat EWM is Shredder Amine 4. This herbicide has been labeled for aquatic use by the Environmental Protection Agency. *Any water usage restrictions for the treated area will be posted on yellow signs in the treated areas.*

You may view a copy of the application at the following website:

<https://leapsllc.com/index.php/callahan-lake-protective-association-callahan-mud-lakes/>

Questions concerning the treatment can be directed to Denny Toll, President of the CMLPA at 239-395-4348, Northern Aquatic Services at 715-495-5252, Tyler Mesalk of the Wisconsin DNR at 715- 416-5066, or Dave Blumer from Lake Education and Planning Services at 715-642-0635. A chemical fact sheet and herbicide label is available upon request. Management actions would be completed between ice out and June 15, 2021.

Sincerely,

Dale Dressel
Northern Aquatic Services
